

## Solvents and Release Agents

# Rust Loosener Fluid

### Penetrating oil for sensitive areas | NSF registration

WEICON Rust Loosener Fluid is physiologically harmless and has an NSF registration for the food industry. Therefore, it can be used in the food and beverage industry and in the pharmaceuticals and cosmetics industries. Rust Loosener Fluid loosens rusted and oxidised screw connections, bolts, levers, joints and hinges as well as seized mechanisms on components. Due to its excellent capillary action, Rust Loosener Fluid can even reach extremely narrow spaces. It secures the function of mechanical parts and electrical contacts. The spray permanently protects against corrosion and oxidation. It cleans and maintains metal surfaces, mechanical parts and electrical systems. Due to its special formula and the resulting NSF registration, Rust Loosener Fluid can contribute towards the improvement of workplace safety and health protection.

#### Technische Daten

Odour	nearly odourless	
Colour	beige	
Specific properties	loosens. Lubricates, cleans and protects	
Silicone-free	yes	
Kinematic viscosity (40 °C)	DIN 51 562	239 mm <sup>2</sup> /s
Kinematic viscosity (+100 °C)	DIN 51 562	4 mm <sup>2</sup> /s
Temperature resistance	-20 to +150	
Shelf life	24 mon.	

#### Processing

Spray the part to be cleaned generously and allow product to take effect; wipe with a clean cloth, if required. Repeat, if necessary. Protect plastic and varnished surfaces.

#### Storage

Pressurized container. Protect from direct sunlight and temperatures above +50°C.

#### Safety and health

When using WEICON products, the physical, safety technical, toxicological and ecological data and regulations in our EC safety data sheets ([www.weicon.com](http://www.weicon.com)) must be observed.

#### Available sizes:

11154400 Rust Loosener Fluid, 400 ml, beige

#### Note

The specifications and recommendations given in this technical data sheet must not be seen as guaranteed product characteristics. They are based on our laboratory tests and on practical experience. Since individual application conditions are beyond our knowledge, control and responsibility, this information is provided without any obligation. We do guarantee the continuously high quality of our products. However, own adequate laboratory and practical tests to find out if the product in question meets the requested properties are recommended. A claim cannot be derived from them. The user bears the only responsibility for non-appropriate or other than specified applications.
