

Belt Dressing Spray

Suitable for highly stressed drive belts

WEICON Belt Dressing Spray is a transparent belt coating based on synthetic elastomers for the most diverse types of heavily stressed drive belts. It increases the service life, prolongs the durability of machines and systems, prevents belt slip, transmits the full drive capacity, eliminates and prevents squeaking, penetrates deep into pores, increases the effectiveness of the tensile strength, increases friction and promotes adhesion, prevents static charging, ensures suppleness and protects against ageing. Belt Dressing Spray is suitable for many different types of belts made of all common materials such as fabric, leather, rubber or PVC. It can be used for V-belts, link belts, drive belts, flat belts, round belts, toothed belts, transmission belts, ribbed belts or conveyor belts. WEICON Belt Dressing Spray is particularly suited for all types of drive belts in machines, aggregates, compressors, pumps, generators, conveyors, mills, pillar drills, and cooling units. It can be used in ongoing operations in compliance with respective safety regulations.

Technische Daten

Odour	mineral oil
Colour	transparent
Silicone-free	yes
Temperature resistance	-40°C to +80°C
Shelf life	24 mon.

Processing

Spray the part to be cleaned generously and allow product to take effect; wipe with a clean cloth, if required. Repeat, if necessary. Protect plastic and varnished surfaces.

Storage

Pressurized container. Protect from direct sunlight and temperatures above +50°C.

Safety and health

When using WEICON products, the physical, safety-related, toxicological and ecological data and regulations in our safety data sheets (www.weicon.com) must be observed.

Available sizes:

11511400 Belt Dressing Spray, 400 ml, transparent
