

Alu Grinding Protection

Suitable for all abrasives | silicone-free

WEICON Alu Grinding Protection works like a cooling lubricant and separating agent during the grinding process. It lowers the temperature at the contact point and forms a silicone-free anti-adhesive layer on the abrasive material. The use of Alu Grinding Protection prevents clogging and the pores of the grinding material remain open. Alu Grinding Protection greatly increases the tool life of an abrasive disc and the grinding performance can be increased by up to 350%. WEICON Alu Grinding Protection can be used on all abrasive materials, on foundations such as fiber wheels, sheeting, endless grinding belts, sleeves, orbital sanders, and special machines.

Technische Daten

Odour	solvent
Colour	transparent
Silicone-free	yes
Temperature resistance	-20°C to +130°C
Shelf life	24 mon.

Processing

Spray the part to be cleaned generously and allow product to take effect; wipe with a clean cloth, if required. Repeat, if necessary. Protect plastic and varnished surfaces.

Storage

Pressurized container. Protect from direct sunlight and temperatures above +50°C.

Safety and health

When using WEICON products, the physical, safety technical, toxicological and ecological data and regulations in our EC safety data sheets (www.weicon.com) must be observed.

Available sizes:

11451400 Alu Grinding Protection, 400 ml, transparent
