

## Surface and anti-corrosion coating

# Corro-Protection

### corrosion protection of metal parts for indoor storages

WEICON Corro-Protection is a transparent protective film approved by the German TÜV. It permanently preserves tools and precision components with a dry and waxy layer. WEICON Corro Protection can be used as safe corrosion protection for bare, unpainted metal parts, for the indoor storage of work-pieces, as corrosion protection during overseas transport and for the conservation of tools and precision components. The protective layer can be removed easily (e.g. with WEICON Cleaner S).

### Processing

Clean and degrease surfaces with WEICON Cleaner Spray S. Apply WEICON Corro-Protection (Spray). After approx. 3 - 4 h, the layer is fully cured at room temperature. To increase the corrosion protection, several layers can be applied. The protective layer can be removed with WEICON Cleaner Spray S.

### Storage

Pressurized container. Protect from direct sunlight and temperatures above +50°C.

### Safety and health

When using WEICON products, the physical, safety-related, toxicological and ecological data and regulations in our safety data sheets ([www.weicon.com](http://www.weicon.com)) must be observed.

### Available sizes:

11550400 Corro-Protection, 400 ml, white, milky

### Technische Daten

Odour	solvent
Colour	white, milky
Specific properties	based on wax
Silicone-free	yes
Temperature resistance	-20°C to +80°C
Shelf life	24 mon.

### Zulassungen / Richtlinien

ISSA Code	53.402.08
-----------	-----------

### Note

The specifications and recommendations given in this technical data sheet must not be seen as guaranteed product characteristics. They are based on our laboratory tests and on practical experience. Since individual application conditions are beyond our knowledge, control and responsibility, this information is provided without any obligation. We do guarantee the continuously high quality of our products. However, own adequate laboratory and practical tests to find out if the product in question meets the requested properties are recommended. A claim cannot be derived from them. The user bears the only responsibility for non-appropriate or other than specified applications.
